Hi Jourdon,

Many thanks for your call this morning and for the email. I have spoken with my client and they want to do both (USB and Power banks) in one lot. So we should have everything ready for you before 12:00 today.

Many thanks once again for your most attentive and patient service! It really goes along way

Best Regards

Tiffany

Really looks good, Angelique and am sure sales will not expect lead time to be two to three days. I'll get back to them and finalise. Will revert back to you by Monday.

You have been an absolute pleasure to work with and have been so co-operative! Not often that people go the extra mile! You're certainly an asset to the Amstore Group!

Kind regards

Cheryll
